

WESTFIELD TEA TREE PLAZA

# Community Plan 2022

## Our Community Vision

At Westfield Tea Tree Plaza, we are the hub of the community and a one stop destination for families who are proud to call the centre their own.

We are committed to creating opportunities for people to come together and connect in an inclusive, safe and vibrant environment where all feel a sense of belonging and purpose.

We partner with local leaders, community groups and services to support the needs of families and youth in our community and to recognise and celebrate cultural events and festivals.

## Our programs and activities

Our Westfield Living Centre creates meaningful human connections that help build thriving and inclusive communities. We do this by working directly with our community to 'discover, celebrate and contribute' to those things that are important and relevant. Our community and customers are at the heart of everything we do.

### Westfield Local Heroes

This program shines the spotlight on those people and organisations who drive positive impact for our community and environment. Westfield Tea Tree Plaza has contributed \$120,000 in grants to our heroes and their organisations over 4 years.

### Local Partnerships

To deliver meaningful initiatives that align with our community vision, we partner with many organisations. These include The City of Tea Tree Gully Council, Foodbank and Backpacks 4 SA Kids, which is a Westfield Tea Tree Plaza Local Hero alumni organisation.

### Community Activities

In 2022, we will deliver a variety of large and small local initiatives that will drive meaningful connections. These include cultural celebrations, community fundraising bbq for local groups, and ongoing collaboration with the local council.

### Customer Wellbeing

As Westfield Tea Tree Plaza is an essential social and community hub in our local area, we are committed to ensuring it is safe, welcoming and inclusive. We do this by working closely with local authorities and emergency services and driving positive customer experiences in everything we do.

### Sustainability

We are committed to reducing our carbon footprint and making it easier for our customers, retailers and staff to make environmentally conscious decisions. Supporting our retailers and customers to separate their waste has generated 285 tonnes of organic waste that was repurposed as garden compost and contributed to an overall landfill diversion of 82%.

### Community Site

We provide a dedicated space at Westfield Tea Tree Plaza near Blackebys on level 1 for community-focused groups to connect with people in the local area. This site is available to not-for-profit sports clubs, community groups, charities and welfare organisations to raise awareness of their work or to fundraise.
