

2022 Nominees

Australia and New Zealand

**Recognising those who positively
impact our local communities and
the environment**

**In the five years since the program began,
we have awarded \$6.14 million to 600 community organisations.**

Westfield Local Heroes are positive community role models who make a positive impact to their local community or environment.

We asked our communities to tell us about the Westfield Local Heroes in their communities. In response, we received more than 1,600 nominations from across Australia and New Zealand.

Each year, we receive a high standard of nominations. Every one of our nominations is highly valued and we acknowledge and recognise all our 2022 nominees and their organisations for their incredible contribution to our local communities and thank our many generous nominators who took the time to tell us about their local heroes.
